The Process

DRAFT Asia Regional Plan

- **Aims to provide:**
 - Broader **policy direction** towards setting a direction for implementation of the framework in the regional context;
 - **Longer term road map**, spanning the 15-year horizon of the Sendai Framework outlining the implementation pathway with expected results setting the focus;
 - **Two-year action plan** with specific activities, measurable, and achievable targets by the public and private sectors as well as local actors.
- Seeks to **guide and support national implementation of the Sendai Framework** through:
 - Enhanced exchange of good practice, knowledge and information
 - Strengthening regional cooperation, monitoring and follow up

DRAFT Asia Regional Plan (2)

- **Policy directions:**
 - Ensure coherence and integration
 - Adopt and adapt Sendai Framework guiding principles
 - Create enabling environment for Sendai Framework implementation (at regional, national and local level)
- **15-year Roadmap**
 - Includes important milestones/results chronologically for the region to achieve the 7 global targets, progress to be monitored through AMCDRR
 - Guide prioritization of actions under the 2-year Action Plan
- **2-year Action Plan**
 - Specific actions under 4 Sendai Framework Priorities for Action by public sector, private sector and at local level
 - Stakeholders voluntary committed actions
 - To be monitored and reported through IAP and at next AMCDRR

Objectives of AMCDRR

As the first AMCDRR after the advent of the Sendai Framework, it aims at:

- Transforming the commitment of governments and stakeholders made in Sendai during the WCDDRR into national and local action.
- Setting the direction to accelerate regional implementation and monitoring of the Sendai Framework

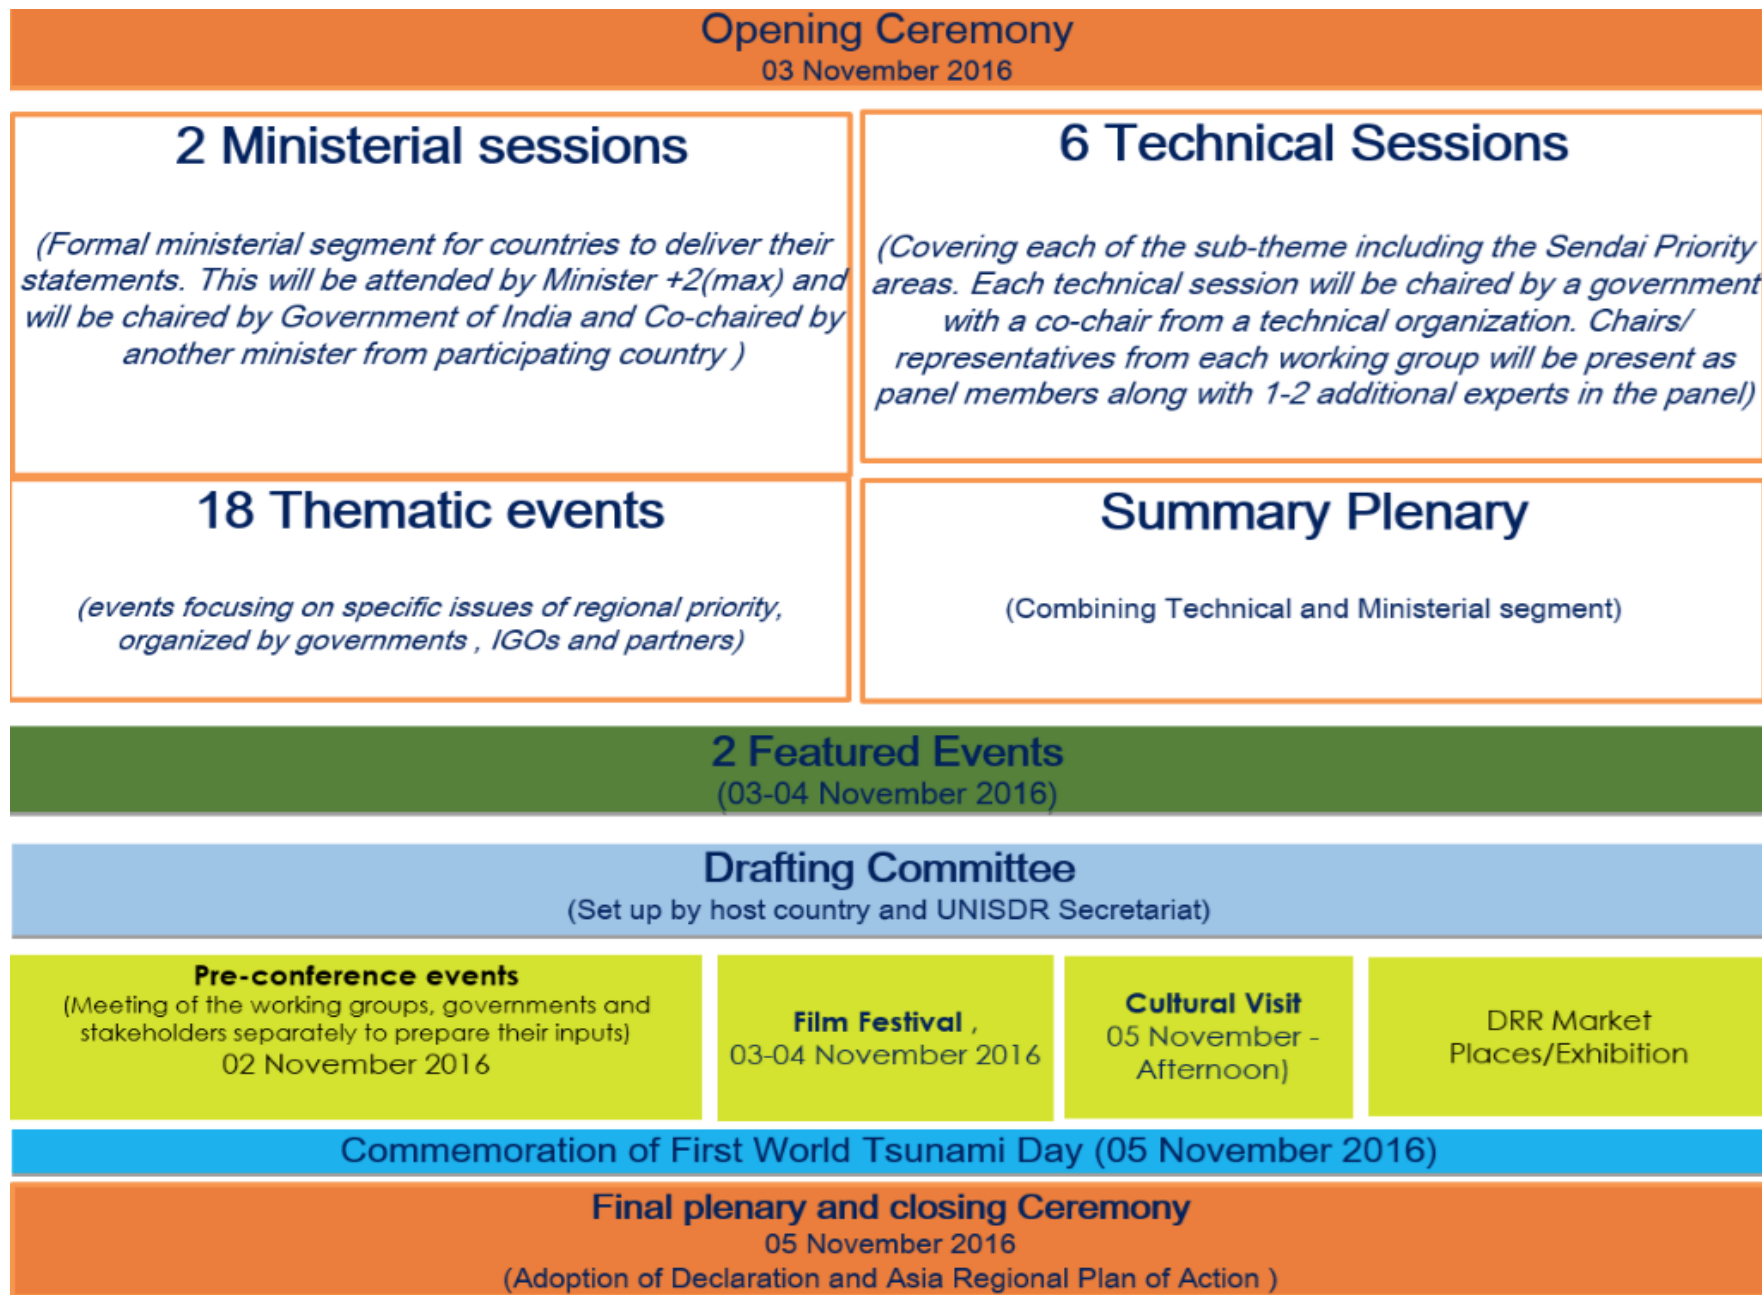

Expected Outcomes

- **A political declaration** – consolidating the political commitment of governments towards preventing and reducing risk as well as strengthening resilience by accelerating implementation and monitoring of the Sendai Framework in the region.
- **‘Asian Regional Plan for Implementation of the Sendai Framework’** – a plan endorsed by the countries for the Asian region.
- **Stakeholder action statements** – voluntary statements of action of stakeholder groups towards a ‘shared responsibility’ approach in implementation of the Sendai Framework.
