### What does SRHR mean to you?
- **Right to access contraception without restrictions by government regulation**
- **Women being able to discuss about their pleasure openly**
- **That I have the opportunities to health services relating to my body**
- **Ensuring that I have the rights over my body, sexuality and reproduction**
- **Having access to information about SRHR to be able to take decisions for themselves**
- **Rights to lead a healthy life with dignity**
- **To understand the needs and the gaps that are prevalent in SRHR and coming to weather as a collective to solve. It is also about ensuring autonomy and equality in SRHR**
- **Know what their sexual needs, health are and make choices to favor their betterment**

### What actions are required to implement SRHR and BA in your country?
- **Comprehensive Sex Education for all, specially for the adolescents; Mass Awareness in grassroot level women & communities**
- **Creating a safe space to enable decisions to be made, especially in Asian contexts as much as sexism, agism is rampant which make young people be very passive and difficult to proactively make decisions about themselves**
- **More Research on the situation of SRHR among the population**
- **To include more Young People Participation**
- **Campaigns to reduce stigma and separate SRHR issues from religious / cultural norms**
- **Legal protection for gender and sexual minorities**
- **Behaviour change, better policies and laws for women**
- **Inclusiveness of all other diverse population including LGBTIQ**
- **Policy reforms and Implementation**

### What solutions can you think of in order to increase access to SRHR in your country?
- **Representations from vulnerable communities**
- **Gender justice laws**
- **SOGIESC & SRHR education for health workers**
- **Public officials and religious leaders supporting SRHR rights**
- **Schools supporting SRHR**
- **Promote the mindset of acceptance & openness to increase the access to SRHR for community**
- **Funding by the ministry of health and education to ensure SRHR**
- **Include the Indigenous participation as well**
- **END PINK TAX**

### How can we approach the commitments made on GEF in order to continue our advocacy work in SRHR?
- **Governments need to be held accountable, more budget on SRHR**
- **Through supporting and providing service to the community.**
- **Safety of LGBT community**
- **Bringing in multisectoral participation and making sure that there is accountability.**
- **Making all the policies and resources are made available to the grass root levels of the government**
- **Focus on implementing the policies, laws in the country and in local levels.**
- **Demand legal changes not only in regards to BA SRHR but in the environmental/ political fields**
